First Local Vendor :

Business Partner Creation: FI Vendor Role

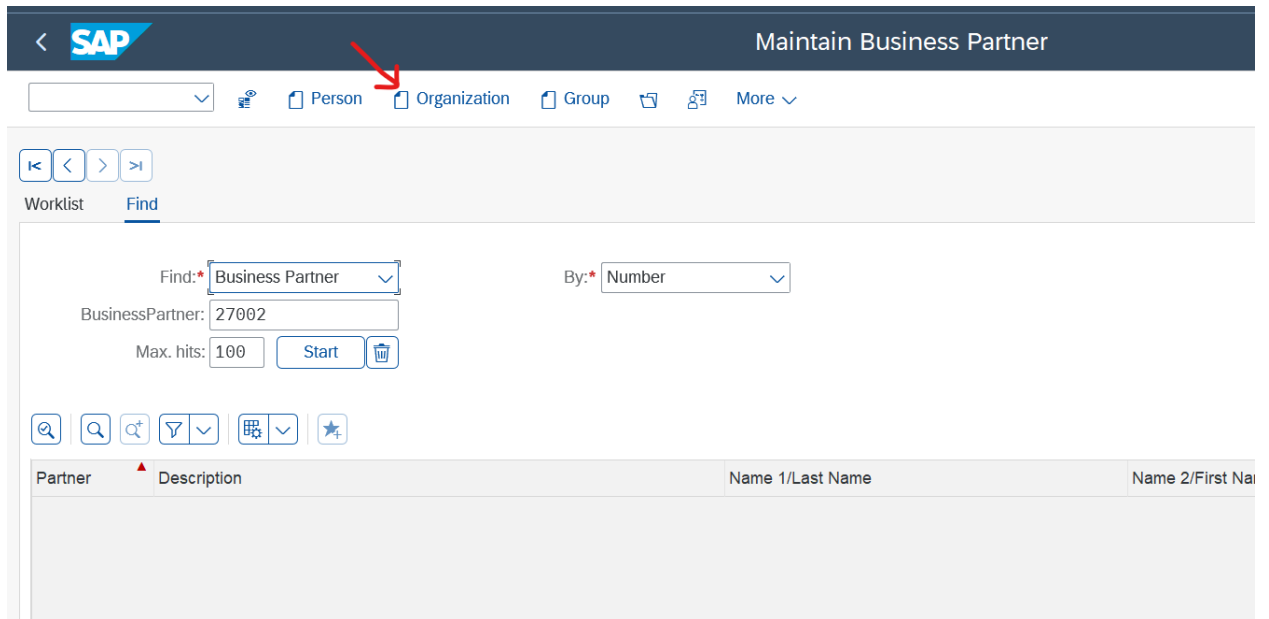

Transaction Code: BP

Path : *Accounting* → *Financial Accounting* → *Accounts Payable* → *Master Records* → BP - Maintain Business Partner

-local vendor (27005) – Foreign vendor (26002) - One time vendor (88002)

The screenshot shows the SAP 'Post Parked Document: Initial Screen'. At the top, there is a navigation bar with the SAP logo and a back arrow. Below the navigation bar, there is a 'Menu' dropdown menu with a red arrow pointing to it. The menu is currently set to '/nbp'. To the right of the menu, there are two buttons: 'Document List' and 'Editing Options'. Below the menu, there is a section labeled 'Key for Parking' with a text input field.

The screenshot shows the SAP 'Maintain Business Partner' screen. At the top, there is a navigation bar with the SAP logo and a back arrow. Below the navigation bar, there is a dropdown menu with a red arrow pointing to it. The menu is currently set to 'Organization'. Below the menu, there is a section labeled 'Find' with a 'Find: *' dropdown menu set to 'Business Partner'. To the right of the 'Find: *' dropdown, there is a 'By: *' dropdown menu set to 'Number'. Below the 'Find: *' dropdown, there is a 'BusinessPartner:' text input field with the value '27002'. Below the 'BusinessPartner:' text input, there is a 'Max. hits:' text input field with the value '100'. To the right of the 'Max. hits:' text input, there is a 'Start' button and a 'Cancel' button. Below the 'Find' section, there is a table with the following columns: 'Partner', 'Description', 'Name 1/Last Name', and 'Name 2/First Name'. The table is currently empty.

- selecting the **Organization** category.

Final Confirmation of BP Creation

This is the final confirmation screen after saving the record.

- **Creation Success:** A success message at the bottom states "**Business partner 26002 created.**"
- **Unique Identifier:** The system has assigned a permanent ID number (**26002**) to the vendor "Shenzhen Electronics Ltd."

Third One-Time Vendor Configuration

One-Time Vendor, used for suppliers that aren't dealt with regularly.

- **Grouping: ZBPO (Once Time Vendor BP).**
- **Details:** The name is entered as "One-Time Vendor - Tech Fair Organizer" with the search term "OTT."

The screenshot shows the SAP 'Create Organization' interface for a vendor. The header bar includes the SAP logo and the title 'Create Organization: Role FLVN00-FI Vendor'. Below the header is a menu bar with options: Menu, Person, Organization, Group, With Reference, Company Code, Relationships. The main form area has several fields: 'Business Partner' (empty), 'Grouping' (set to 'ZBPO ONCE TIME VENDOR BP'), and 'Create in BP role' (set to 'FLVN00 FLVN00-FI Vendor (New)'). Below these is a tabbed interface with tabs: Address, Address Overview, Identification, Control, Payment Transactions, Status, Legal Data, Vendor: General Data, and Vendor: Tax Data. The 'Address' tab is active. Under the 'Name' section, there is a 'Title' dropdown (set to '0003 Company'), a 'Name' field (set to 'One-Time Vendor -Tech Fair Organizer'), and two empty 'Salutation' fields. Below the 'Name' section is a 'Search Terms' section with a 'Search Term 1/2' field (set to 'OTT'). Red arrows point to the 'Create in BP role' field, the 'Name' field, and the 'Search Term 1/2' field.

Financial Integration for One-Time Vendor

illustrates the financial configuration for a **One-Time Vendor** within the SAP S/4HANA system.

- **Company Code Assignment:** The vendor is assigned to Company Code **TEC1 (Global Tech Egypt 1)**.
- **Reconciliation Account:** The user has specified **200004** as the Reconciliation Account, which is a critical link for integrating vendor sub-ledger activities with the General Ledger.
- **Business Partner Role:** The process is being completed under the **FLVN00 (FI Vendor)** role with the **ZBPO (Once Time Vendor BP)** grouping.

The screenshot displays the SAP S/4HANA configuration interface for creating a vendor role. The main title is "Create Organization: Role FLVN00-FI Vendor". Below the title, there are several tabs: "Menu", "Person", "Organization", "Group", "With Reference", "General Data", and "Relationships". The "Organization" tab is currently selected.

Key configuration fields include:

- Business Partner:** A dropdown menu showing "FLVN00 FLVN00-FI Vendor (New)".
- Grouping:** A dropdown menu showing "ZBPO ONCE TIME VENDOR BP".
- Company Code:** A section with fields for "Company Code" (set to "TEC1"), "Customer", and "Supplier" (set to "<External>").
- Vendor: Payment Transactions:** A section with fields for "Terms of Payment" (set to "P004"), "Credit Memo Pyt Term", "Tolerance Group", "Check Cashing Time", "Payment Reason", and "Check Double Invoice".
- Automatic Payment Transactions:** A section with a field for "Payment Methods" (set to "C").

Buttons for "Company Codes", "Switch Company Code", and "Delete Company Code" are also visible.

Payment Terms and Methods Configuration

This image focuses on the **Vendor: Payment Transactions** tab for the One-Time Vendor.

- **Terms of Payment:** The field is set to **P004**, defining the specific installment or credit conditions for this vendor.
- **Automatic Payment Transactions:** The **Payment Method** is defined as **C**, ensuring the system knows the default way to process payments for this entity.

- **Organizational Context:** The screen displays that these settings are being applied globally for the organization "Apex Electronics Group".

Document 1700005 has initially been parked

- OBJECTIVE:** To securely store the credit memo details in the database. As a parked document, it remains pending and does not yet affect the vendor's balance or the general ledger until it is formally reviewed and posted via transaction **FBV0**.

- **CHOOSE** the **Accounting** folder from the main SAP Easy Access menu.
- **CHOOSE** **Financial Accounting** > **Accounts Payable**.
- **CHOOSE** the **Document** folder, then expand **Parked Documents**.
- **SELECT** Transaction Code **FBV0 - Post/Delete**.
- **OBJECTIVE:** To retrieve a parked document (such as a Credit Memo) to either post it officially to the General Ledger or delete it if it is no longer required.

- **CHECK** that the **Company Code** is set to **TEC1**.
- **PUT** the Document Number **1700005** in the **Document Number** field.
- **ENTER** the **Fiscal Year** as **2026**.
- **PRESS** the **Continue** button at the bottom right corner.

Transactn: Credit memo Bal.: 0.00

Information: Document 1700005 was posted in company code TEC1

St...	G/L	Amount	T...	Tax jurisdictn code
✓	5000	500.00		
		0.00		
		0.00		
		0.00		
		0.00		

- **REVIEW** the parked credit memo details for Supplier **27005** and amount **500**.
- **CHECK** that the balance (**Bal.**) is **0.00**, indicating the document is ready for posting.
- **PRESS** the **Post** button from the top header menu.
- **OBJECTIVE:** To officially post the credit memo to the General Ledger, which reduces the vendor's outstanding balance and adjusts the associated expense account.
- **TECHNICAL DETAIL:** This action transitions the document status from "Parked" to a permanent accounting record in company code **TEC1**.

- **CHOOSE** the **Accounting** folder from the main SAP menu.
- **CHOOSE** **Financial Accounting** > **Accounts Payable**.
- **CHOOSE** the **Document** sub-folder.
- **SELECT** Transaction Code **FB03 - Display**.
- **OBJECTIVE:** To view the detailed financial entries of any posted document. This allows for the verification of debit/credit entries, tax calculations, and cost center assignments.

Document 100022 was posted in company code TEC1

- **ANALYZE** and select the following documents to achieve a balanced clearing:
- **Invoice (KR):** Document Number **100019** with an amount of **2,000.00- EGP**.
- **Down Payment (Special G/L Ind. A):** Document Number **100020** with an amount of **1,000.00 EGP**.
- **Credit Memo 1 (KG):** Document Number **1700004** with an amount of **500.00 EGP**.
- **Credit Memo 2 (KG):** Document Number **1700005** with an amount of **500.00 EGP**.

- **CHECK** the document types for better understanding:
 - **KR:** Vendor Invoice
 - **KG:** Vendor Credit Memo
 - **KZ/AB:** Payments or Clearing documents

- **OBSERVE** the balance: By selecting these four specific documents, the **Assigned** total reaches **0.00**, allowing the system to clear the invoice against the available credits.

- **Finalizing Clearing:** After matching the open items, the **Post** button is clicked.

- **Success Message:** The system confirms the action with the message: "**Document 100022 was posted in company code TEC1.**" This indicates that the vendor's open items have been successfully cleared against each other.

CoCd Item Key SC Account Description Amount Crcy Tx

TEC1	1	39	A	27005	Royal	1,000.00-	EGP	
	2	27		27005	Royal	1,000.00	EGP	

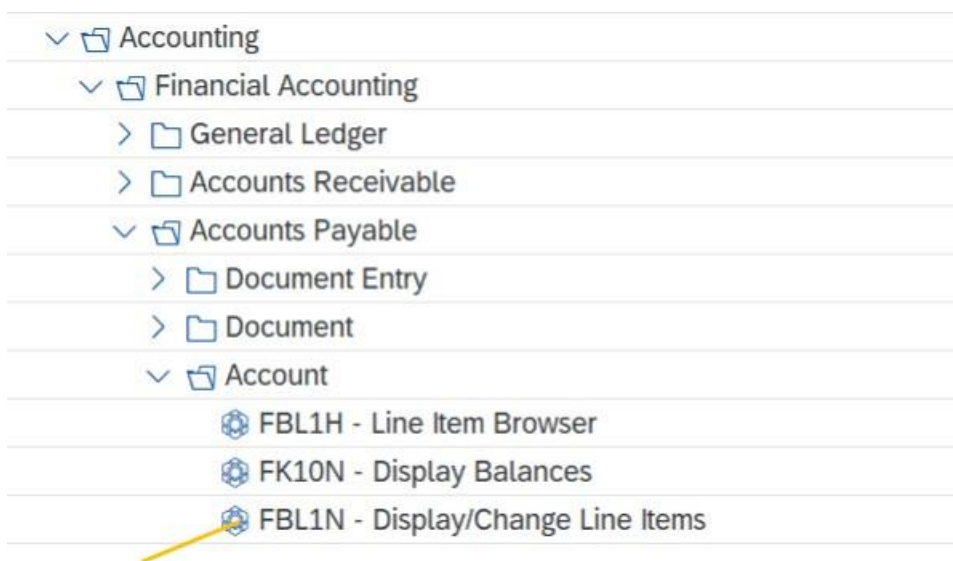

- **ANALYZE** the accounting impact in the **Data Entry View** for the clearing document **100022**:
 - **Line Item 1 (Post Key 39 / Ind A):** A **Credit of 1,000.00 EGP** to the Vendor account. This entry reverses the **Down Payment** balance (Special G/L), moving it from an "asset" status to a "cleared" status.
 - **Line Item 2 (Post Key 27):** A **Debit of 1,000.00 EGP** to the Vendor account. This entry settles and reduces the **Invoice** liability on the regular vendor sub-ledger.
- **OBSERVE** the transaction nature: This is a **pure clearing entry (Type AB)**. Since the total Debit (1,000) equals the total Credit (1,000), the net impact on the bank is zero.
- **VERIFY** the Document Status: The system confirms that the **Vendor Invoice (2,000 EGP)** has been successfully matched against the **Down Payment (1,000 EGP)** and the remaining **Credit Memos**, resulting in the final clearing of the liability.

Vendor Line Item Display: Cleared Items Overview (FBL1N)

- Status Indicators:** All items are marked with a Green Light (Cleared Status), confirming that these transactions are closed and there are no outstanding balances for Supplier 27005 (Royal).
- Clearing Group 1 (Invoices & Payments):**
 - Documents:** Includes two Invoices (KR of 2,000.00- each) and a Payment Document (KZ of 2,000.00).
 - Observation:** These are linked by Clearing Document 100021, showing the direct settlement of the first invoice.
- Clearing Group 2 (Credit Memos & Adjustments):**
 - Documents:** Includes an Invoice (KR of 2,000.00-), two Credit Memos>Returns (KG of 500.00 each), and a Clearing Document (AB of 1,000.00).
 - Observation:** These items are linked by Clearing Document 100022, representing how returns and adjustments were balanced against the remaining invoice.
- Final Reconciliation:**
 - The Total Account Balance at the bottom shows 0.00 EGP.
 - This confirms the successful completion of the accounts payable clearing cycle, where all liabilities have been fully matched against payments and credits.

Total		5,000.00	5,000.00	

Vendor Balance Display Analysis

- **OBSERVE** that the down payment is recorded under **Special G/L** transactions and has been fully cleared, as both **Debit** and **Credit** amounts are equal at **1,000.00 EGP**.
- **CHECK the Account Balance:** The normal transactions (invoices, credit memos, and payments) are also balanced, with total debits and credits of **4,000.00 EGP** each.
- **ANALYZE the Final Total:** The overall total of **5,000.00 EGP** on both sides (Debit and Credit) confirms that all vendor transactions, including Special G/L and normal items, have been successfully processed and cleared.
- **CONCLUSION:** Therefore, the vendor account has a **zero net balance**, indicating that there are no outstanding liabilities for Supplier **27005 (Royal)**.
