12-13 Company 1 Scorer, New York, South Leon, MK 20084

Create Internal Order

The purpose is to open a digital financial file (Internal Order) to collect and track costs for a specific task or project for a temporary period.

1-Create an order

T- code ko01

The screenshot shows the SAP T-code KO01 (Create Internal Order) interface. At the top, there is a navigation bar with a dropdown menu, 'Master Data' with a magnifying glass icon, 'More' with a dropdown arrow, and an 'Exit' button. The main area contains the following fields:

- Controlling Area:** A dropdown menu showing 'TEC1' and the text 'Global Bike North America'. A red arrow points to this field.
- Order Type:** A dropdown menu showing '0300' with a magnifying glass icon. A red box highlights the '0300' value, and a red arrow points to it.
- Reference:** A section with the label 'Reference' and a sub-label 'Order:' followed by an empty text input field. A red arrow points to this input field.

At the bottom right, there is a message: 'Activate Windows Go to Settings to activate Windows.' Below this message is a long, empty rectangular box.

Monthly Settlement

Monthly Individual Settlement for Orders

- **Select Order Number:** Enter the specific work order number (e.g., 300000 as shown in the image) to be settled.
- **Define Fiscal Period:** You must enter the settlement period and fiscal year; in your current case, it is period 4 for the year 2026.
- **Test Run:** It is always recommended to enable the "Test Run" option to ensure there are no errors in the settlement rules before the actual posting.
- **Execute:** After verifying the data in test mode, uncheck the "Test Run" box and execute to post the financial entries.

T-CODE KO88

The screenshot shows the SAP T-code KO88 'Actual Settlement: Order' screen. At the top, there is a header bar with the SAP logo and the title 'Actual Settlement: Order'. Below the header, there is a search bar with a dropdown arrow, and links for 'Settlement Rule' and 'More'. An 'Exit' button is located in the top right corner. The main area contains the following fields:

- Controlling Area: TEC1
- Order: 300000 (with a magnifying glass icon)

Below these fields is a 'Parameters' section with the following inputs:

- Settlement Period: 4
- Fiscal Year: 2026
- Processing Type: Automatic (dropdown menu)
- Posting Period: (empty field)
- Asset Value Date: (empty field)

Below the parameters is a 'Processing Options' section with two checkboxes:

- ☒ Test Run
- ☐ Check Trans. Data

At the bottom right, there is a watermark for 'Activate Windows' and a blue 'Execute' button.

Function of this screen

Receiver: The code **CTR CT1** appears, indicating that the costs have been transferred from the Internal Order to a **Cost Center** named **CT1**.

Value (ValCOArCur): The settled amount is **50,000.00** in the Controlling Area currency.

Status: The value is displayed in the total line in **yellow**, which signifies that the settlement process for this document has been completed successfully.

What does this screen mean for a Cost Accountant?

- **Zeroing out the Order Balance:** The balance of Internal Order **300000** is now zero (for the settled costs), and the full financial responsibility has been transferred to Cost Center **CT1**.
- **Period-End Closing:** This step is a fundamental part of the **Period-End Closing** for April 2026, which you are currently processing.
- **Financial Posting:** The system has generated an accounting document in the background to verify this transfer. This action is what required the "**Number Range**" configuration we adjusted in the previous steps.

Report Cost Management Director

From a cost management perspective, this report indicates excellent performance to date (April 30, 2026). You have utilized only approximately 33% of the maintenance budget allocated for this order, providing you with financial flexibility for the remainder of the year

T-Code S_ALR_87012993

The screenshot displays the SAP S_ALR_87012993 report interface. The title bar reads 'Orders: Actual/Plan/Variance'. The left sidebar shows a tree view with 'Variation: Order' and 'Order Group' selected, with a value of '3000000' and Arabic text 'صيانة عدد وادوات'. The main area shows the report header with 'Date: 04/30/2026 23:29:36' and 'Page: 2 / 2'. Below the header is a table with columns: 'Cost Elements', 'Actual', 'Plan', 'Var. (Abs.)', and 'Var. (%)'. The table contains three rows: '500000 Expense TEC1', '* Costs', and '** Balance'. The 'Actual' column shows 50,000.00 for all rows. The 'Plan' column shows 150,000.00 for all rows. The 'Var. (Abs.)' column shows 100,000.00- for all rows. The 'Var. (%)' column shows 66.67- for all rows.

Cost Elements	Actual	Plan	Var. (Abs.)	Var. (%)
500000 Expense TEC1	50,000.00	150,000.00	100,000.00-	66.67-
* Costs	50,000.00	150,000.00	100,000.00-	66.67-
** Balance	50,000.00	150,000.00	100,000.00-	66.67-
