Step Description: Defining House Bank Account Connectivity (CIB Bank)

The screenshot displays the SAP Fiori 'New Entries: Details of Added Entries' application. The interface includes a top navigation bar with standard SAP menu items (Table View, Edit, Goto, Selection, Utilities, System, Help) and a title bar. A left-hand 'Dialog Structure' pane shows a tree view with 'Company Codes', 'House Banks', and 'Bank Accounts'. The main content area is divided into several sections:

- Company Data:** Displays 'Company Code: TEC2' (Global Tech Egypt 2) and 'House Bank: CIB' (COMMERCIAL INTERNATIONAL BANK).
- House Bank Data:** Contains fields for 'Bank Ctry/Reg.: EG' (Egypt) and 'Bank Key: CIB2'. It includes 'Create' and 'Change' buttons.
- Communications data:** Features input fields for 'Telephone 1:', 'Tax Number 1:', and 'Contact Person:'.
- Address:** A button labeled 'Address' with a location icon.
- EDI partner profiles:** A button labeled 'EDI partner profiles' with a document icon.
- EDI partner profiles (continued):** Includes fields for 'EDI Partner Number:' and 'Type of Signature:' with a dropdown menu.

At the bottom of the main area, a status bar indicates 'Data already saved' with a 'View details' link, and 'Save' and 'Cancel' buttons. The Windows taskbar at the very bottom shows the system clock as 9:35 PM on 5/13/2026.
